# Konjac

## Konjac facial sponge

The facial & body bath natural sponge has property of water retention, alkalinity, soft touch feeling, washing effectiveness and non-allergy.  
 Directions: Soak sponge in warm water until fully soft. Apply desired cleanser (optional) onto the wet sponge and gently massage to skin in a circular motion. For sensitive skin, use only water-damp sponge. Rinse sponge several times with clean water and squeeze with hands to rid excess water. Do not twist or squeeze too hard as it may damage the sponge. Store or hang the sponge in a cool & ventilated area to air dry. Try keeping the sponge in a container, bag and keep in the refrigerator to prolong the life of the sponge. We recommend replacing the sponge every 1-2 months.
